1. Mature them, opening their eyes to see themselves in My big adventure and them flying and operating in freedom on an everyday basis.

2. I give you peace, I give you power, I give you authority, I befriend you—didn't I say that, didn't I say those things? How can they miss them Ted? You didn't, you haven't, you stand on them, you're holding them in your heart and consciousness—forefront of your mind—with My promises and words to you.

3. You have valued My words more than silver and gold, more than reputation, more than respect, and Ted, that's why I can use you so, and walk you upon the platforms I'm walking you on to.

And when you walk on to them—every one of them—Ted, you walk with Me, you walk with Me—it's Me who's doing the walking and you're following Me, and you follow Me because you chose to follow Me.

4. You chose well—who does hinder so many in My body to prevent them from choosing as you've chosen? What gives them the right to pre-empt My invitation to holiness and righteousness and My chambers, and My big world, for such measly and mundane and mind-stagnating repetition of things which fail to produce freedom or peace or allow My creativity to flow?

5. Teach them to fight Ted, teach them to fight and speak forth the weapons which I have given and taught about so clearly—for the seeking, clearly—for the breaker of the jar of oil—time—over My feet, oh so clearly, oh so plain, oh so wanting-to-be-embraced are My truths waiting for My Mine—My body.

6. Regal-ed, anointed, called, authorized, but not walking in love—which opens every door of Mine, every palace, every place.

7. Arrogance is so limiting—ignorance is so constraining. I am all knowledge and all truth and encompass all of Me and give so freely to those who come and call and confirm that they truly want Me and what I am and what I have for them.

8. So simple—not complex—so plain, so truthful, so elegant, so regal, so powerful—are My truths that free and empower and Ted, allow you and others like you—seekers—seekers, seeking Me, Me, priority, Me as priority—to walk in authority, authority, My authority.

9. Teach My people to walk in the authority, My authority I've given them, not trying to control people or circumstances or even Me, but walking in the authority of wisdom and Truth. Peace, power, transparency, and purity.

10. Oh powerful are the people you are raising up for Me—for I see them, and you see some and see more you will so shortly—for connecting you I am into path-makers and door-openers whose only quest is to obey Me, and walk in My precepts and power directed by Me—uncomparison-ed—not walking in comparison, un-competitive-ized—not walking in competition with others in My body.

11. But pulverized and permeated with truth and love, love, My love—which hinges on respect, respect, meekness, meekness, honor, honor, respect, meekness, meekness, respect and holiness, righteousness, openness, humility, transparency—provided and walking in empowered obedience, empowered obedience, obedience empowered by Me, for their choosing and further obedience. Oh, for their joy, peace, promotion, and Ted, protection.

12. I am, and I am thanks you for writing and publishing and beginning the trail of tears in My body—tears I've shed for My body, awaiting giants of Me to help place eye salve, heart salve, love and healing, into, onto, throughout My body, in love—arrogance-free meekness, connective-tissue-renewing-love and respect and honor and even deference—without a second thought—second nature, second nature succumbed to be first nature—My nature, through prayer, fasting, discipline, and time at My feet, so that I can arise, arise, raise and proclaim.

13. Heal, heal, heal My frozen.
Heal My chosen.
Heal My all, My all, My stuck, My controlled, My subverted, My subjugated, My relegated—to confidence and significance and Me alone—heal them, connect them, caring for them deeply.

And placing tablets and pens in their hands, for My words, with My Word, with My loving tenderness which affirms and encourages and sets free the tender spirit I have within each one, each one, every one.

14. Yearning, yearning, yearning for each other I am, Me, Myself, who I am, and all that I am—yearning for My body complete—healed, raptured into the glorious beauty that awaits her—in power, power, authority.

15. Walking in authority My body has not done. Release My authority as you pull them into maturity and out of adolescence. Mature them, opening their eyes to see themselves in My big adventure and them flying and operating in freedom on an everyday basis, according to the laws, precepts, rules, of relationship with Me, and not of mammon.

16. Rules of relationship in Me, with Me, where I speak and caution and contend and remind and conjoin and join and de-join and relationship for My purposes and their hearts. Oh joy, oh peace, oh power, oh authority you have and you release now.

17. Teach intercession as you walk in intercession as you release My Mine in fullness of Me—empowered, healed, pure, transparent, knowledged, confidenced,

significanced, drink-offering-ed, powerful, meek, powerful, meek, powerful, meek, meek, humble, and yet so increasingly permeatingly powerful—into every fabric of every level of every culture, who will open to Me.

18. I am coming, I am here, I have waited and I am excited and exciting I am My body, to participate in the grandest move of My hand since time began—and you will lead and you will see and you will be excelled and you will laugh and enjoy and revel for hours, because of the hours you have given Me at My feet, and letting Me do with you all I want to do—withholding nothing, begging for correction and judgment and discipline.

19. You counted the cost and you did it anyway—choosing Me—now authority-ize My people to walk in the authority that I am now teaching you that you have, and are just beginning to walk in—just beginning, but so powerfully will—in meekness, meekness, obedience

20. Bruce—so powerful.
21. Kathaleen—so powerful.
22. Jacque—so powerful.
23. So many—so much—so powerful.

24. Oh enjoy, enjoy, enjoy, and spread the message of your words to Amy today, to My body: when harassing spirits, voices, come—refute them, rebut them, quote My Word and My words and let them not dump anything on you.

25. My body must fight to walk in My authority and speak My spoken words in the power I've given—speak My truth, speak Me, speak and let nothing harass you to depress and discourage and disparage you.

26. I come and I call and now I empower all to open and speak and not reticent be, powerful be, bold be, embolden My people—open their mouths—speaking My words, in power, in power, in meekness, wisdom, and Ted, skill.

27. Skill must be present—increase My skill in My people. So many so convoluted, wanting revelation rather than skill—when skill resides in them dormant—seeking release. Oh Ted, open My body to all that is in My body and connect their eyes with My gifts already given.

28. Impervious are powers seeking to penetrate My Mine who walk in authority, maturity, meekness, and skill. More, more, more. Accelerate. Oh soon, so soon, so now, you will be able to accelerate exponentially—and in so doing, teach so many, in such love, love, and laughter, laughter that I've spoken to you before about, laughter that I enjoy, laughter I want you to share, laughter, and understanding My power in laughter, in smiles, in tenderness, in simple words of relationship tender, tender, tender, with no agendas, motives uncertain, motives discerning.

29. Demagogues are diminishing and My army arises under leadership of meek ones with great authority—who understand all power is Mine, and given to My Mine, who will

operate in Me—in prayer and freedom, in power and authority, upon meekness and honor and respect, enshrouded in love, encompassed in love, delivered in love, operated in love, permeated by love.

30. I love you. I laugh, I smile, I enjoy every smile you smile Ted, please smile more.

31. Please de-serious My body who so complacently worries and frets and enjoys Me and My relationships so little—seeking money, money, prestige, position and status from sources unfulfilling.

32. Me, all they want is in Me.

33. Show your charts and notes and encompass My family—in every language, using every art and technology completely, creating and creating and maximizing the truth operationalized in all of My who-choose-Me.

None holding back none—
Freedom, freedom, freedom.

Make ready—the time is now.
My houses are houses of prayer.

Powerful, powerful, powerful.
Meek, meek, meek.

41. Prayer first,
Relationship with Me first,

47. Get out of debt.
Get My people out of debt.
Debtors only to Me—only to Me, only to Me.

Change—great change—
Value systems of Me must emerge and displace/pre-empt value systems of mammon.

Debt-free proclamations must come forth as major intensive efforts emerge for My family—My friends, My open-to-Me—seeking.

Out of debt—incur no debt.
Not of Me.
I provide, I provide, I provide.
I provide, I provide, I provide.
Ted, I provide, I provide, I provide.

Change My family's ways and open their eyes—
I create, I create, I create.
I relationship, I relationship, I relationship.
I heal, I salve, I connect, I direct, I correct.

48. Now bold be in delivering My heart in matters important to Me and Mine and Ted —you, and leadership of leadership to youngest of the young—My precepts, My laws, My New and Living Covenant—by the power of My Holy Spirit.

49. New corporations, new partnerships, based on Me and not contractual mammon.
Open to Me—who will do business in Me—
